

PORTABLE WELD BEAD SHAVER from STEELMAX®

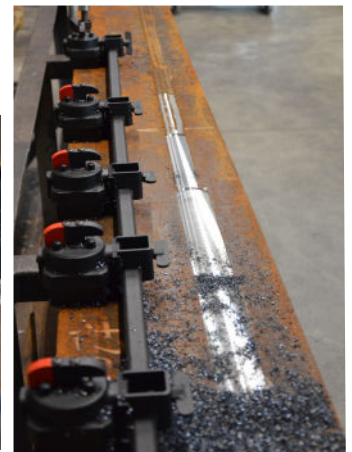

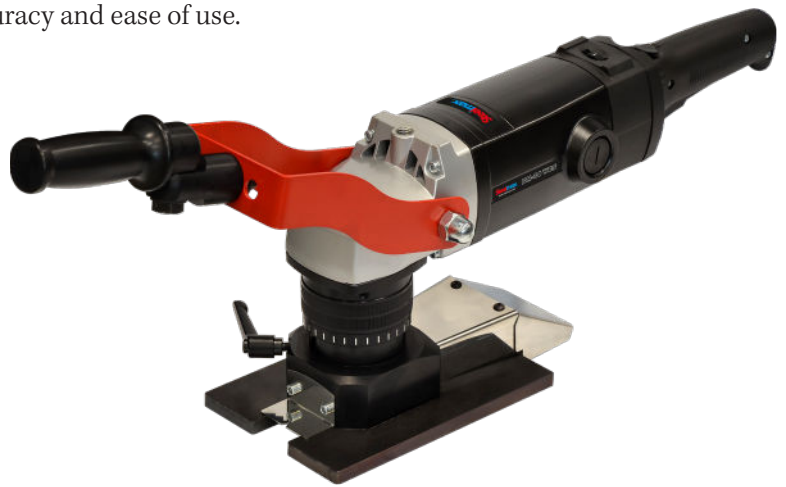

BM-30 WBS

REMOVE EXCESS WELD SEAMS WITH UNMATCHED PRECISION

Ensure a level continuous surface with the heavy-duty, portable BM-30 Weld Bead Shaver. This operator-friendly machine is designed to mill weld seams down to an even surface with the rest of the parent metal, making it ideal for preparing the surface for painting, coating, or further processing. The machine features a powerful motor with electronic speed control to optimize cutting conditions. It is equipped with a rotary face milling head that ensures smooth operation and efficiency without causing any heat affected zones or workpiece distortion. Additionally, the BM-30 WBS comes with a guide rail and magnetic clamping system to maintain a constant position against the workpiece increasing accuracy and ease of use.

FEATURES

- Easy set up & use
- Milling weld seams up to 1/2" (11mm) high & 1-3/16" (30 mm) wide
- Electronic speed control between 1800-5850 rpm
- Ergonomically designed for increased comfort during work
- Milling head with 5 pieces of 2 sided indexable cutting inserts
- Continuous milling height adjustment
- Overload protection

PORTABLE WELD BEAD SHAVER FROM STEELMAX®

BM-30 Technical Specifications

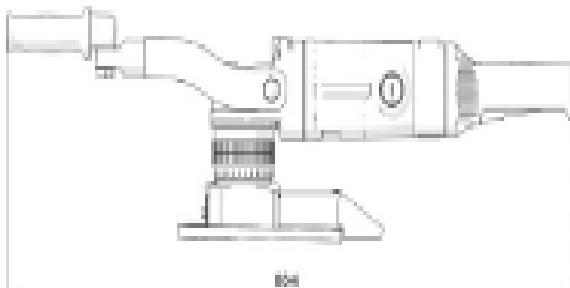

Voltage	115 V, 50-60 Hz 220-240 V, 50-60 Hz
Power	2200 W
Spindle Speed (without load)	1800- 5850 rpm
Max Milling width	1-3/16" (30 mm)
Max Milling height	1/2" (11 mm)
Max Milling depth	-.05" (-1.5 mm)
Weight	27 lbs (12.5 kg)
Part Number 115V, 50-60 Hz	SM-BM-30-WBS
Part Number 230V, 50-60 Hz	SM-BM-30-WBS-230

Shipping Set

- Milling machine with rotary head incl. 5 cutting inserts
- Plastic box
- Magnetic guiding rail 19-11/16" long
- Grease for screws 0.17 oz
- Drift
- Combination wrench 22 mm
- 10 mm hex wrench
- Operator's manual

Accessories:

- GLW-000056 Milling head
- PLY 000756 Cutting insert (sold 10 pcs/box)
- PRW-0761-08-00-00-0 Magnetic guiding rail 19-11/16" long
